[Issued patents](#)

[Applications](#)

[APPLICATION] [Systems and methods for providing relational and hierarchical ...](#)

US Pat. 10692508 - Filed Oct 24, 2003

The first system 3602 and the second system 3604 **synchronize** 3642 via their ...

Most adapters would get this **information** from the sync profile Guid ...

[APPLICATION] [Systems and methods for providing synchronization services for units of ...](#)

US Pat. 10692515 - Filed Oct 24, 2003

The properties of the sweep algorithm ensure that **information** about all configured ... [0555] **Change** Tracking, **Change Units** and Versions: Every WinFS

store ...

[APPLICATION] [Systems and methods for providing conflict handling for peer-to-peer ...](#)

US Pat. 10683621 - Filed Jun 30, 2004 - Microsoft Corporation

Most adapters would get this **information** from the sync profile Guid ... re ( **change**); // **Update** learned knowledge with **status** reader. ...

[Mutual exculsion system and method for restarting critical sections of code ...](#)

US Pat. 6697834 - Filed Dec 1, 1999 - Sun Microsystems, Inc.

These registers store control and **status information** for use in ... 20 restores

the **state** of the selected thread, it checks the **non-restorable** trap ...

[Digital signal processor containing scalar processor and a plurality of ...](#)

US Pat. 6317819 - Filed Feb 24, 1999

Field **Status** 55 The video mode controller uses the frame sync signal to determine which field is currently active. A **change** in the frame sync **state** ...

[APPLICATION] [Systems and methods for the implementation of a synchronization schemas for ...](#)

US Pat. 10693362 - Filed Oct 24, 2003

Most adapters would get this **information** from the sync profile Guid ... with the

ability to record individual **change units** (or entire items, extensions, ...

[APPLICATION] [Systems and methods for synchronizing computer systems through an ...](#)

US Pat. 10889423 - Filed Jul 12, 2004 - Microsoft Corporation

The properties of the sweep algorithm ensure that **information** about all configured ... [0545] **Change** Tracking, **Change Units** and Versions: Every WinFS

store ...

[Remote wireless unit having reduced power operating mode](#)

US Pat. 6218019 - Filed Feb 15, 2000 - AT&T Wireless Services Inc.
